

From.... **Emsmorn Bowling Supplies**

Dear Bowls Club

We are writing to let you know that our shop in Chesham sadly closed its doors yesterday to the general public. There have been many rumours over the last few years so we don't think this will come as a great surprise.

Please would you be kind enough to advise your membership as we don't want them to waste a journey coming over to us.

In addition we'd like to thank you all for buying from us over the years and enjoying wearing the Emsmorn brand.

There is however some very good news, the brand is not disappearing altogether and you will be able to buy Emsmorn bowlsweat from a number of websites as you have been able to do previously. The brand name has been sold to a well known bowlsweat supplier who will continue to market a range of Emsmorn through their own and other retailers' websites.

For a comprehensive range of the Emsmorn label please look at :-

Thank you again for all your support and enjoy continuing to wear the Emsmorn brand and the game of bowls.
